**ADJUSTMENTS BUDGET FOR 2014 – 2015 FINANCIAL YEAR**

**Report of the Chief Financial Officer**

**1. Purpose of the report**

The purpose of the report is to submit the 2014/15 Adjustment Budget as required by section 28 of the Local Government Municipal Finance Management Act, No. 56 of 2003 and to request approval thereof.

**2. Background**

On 29 May 2014, Council approved the 2014/15 budget. The approved budget should be implemented in terms of Section 69 of the Municipal Finance Management Act. Section 69 (2) further stipulates that in the process of implementing the budget and when necessary, the Accounting Officer must prepare an adjustments budget and submit it to the Mayor for consideration and tabling in the Municipal Council.

Section 72 of the above mentioned Act also stipulates that the Accounting Officer of a municipality must by 25 January of each year assess the performance of the municipality during the first half of the financial year and as part of the review, make recommendations as to whether an adjustments budget is necessary, and recommend revised projections for revenue and expenditure to the extent that it may be necessary.

Section 28 (2) provides guidelines when an Adjustments Budget is prepared. The guidelines are as follows:

- (1) A municipality may revise an approved budget through an adjustments budget.
- (2) An adjustments budget –
  - (a) must adjust the revenue and expenditure estimate downwards if there is material under-collection of revenue during the current year;
  - (b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
  - (c) may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality
  - (d) may authorise the utilisation of projected savings in one vote towards spending under another vote;
  - (e) may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current financial year was approved by the council;
  - (f) may correct any errors in the annual budget; and
  - (g) may provide for any other expenditure within a prescribed framework.

Section 28 (4) stipulates that only the Mayor may table an adjustments budget in the Municipal Council, but an adjustment budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing of frequency.

### **3. Discussion**

Before discussing the 2014/15 Adjustment Budget, a reflection of the past 6 months' Capital and Operating results and the projection for the remainder of the year are highlighted:

#### **3.1 Analysis of the past six months and projection for the remainder of the year**

##### **3.1.1 Operating Budget**

###### Operating Revenue excluding grants

A total amount of R735 889 446.13 (44%) has been accrued against the budgeted amount of R1 671 610 000. This is R99 915 553.86 less than the amount budgeted for the first six months.

In order to rectify the situation, service charges and sale of stands have to be adjusted downwards to more realistic levels. The following service charges have been adjusted downwards:

- Electricity R72,0 million
- Water R45,5 million
- Sanitation R16,2 million
- Refuse R3 million
- Stands R30 million

Increased effort and procedures have been implemented to insure more accurate meter readings to enhance revenue on services. Procedures have also been implemented to ensure with the assistance of the financial system service provider to enhance more accurate billing. It is envisaged that with the combined effort with all involved, the revised revenue targets will closely be met.

###### Grants

A total amount of R 656 276 000 (66.07%) has been received against the budgeted amount of R993 288 000.

###### Operating Expenditure

A total amount of R1 063 506 385.64 (49.56%) has been spent against the budgeted amount of R2 145 711 000. (50% of the budgeted cost of debt impairment and depreciation were also taken into account) However, depreciation will be adjusted downwards with R61 million due to over budgeting on revaluated assets.

##### **3.1.2 Capital Budget**

Council approved a capital budget totalling R 518 749 000 for the financial year 2014/15. The year-to-date expenditure to 31 December 2014 was R 45 698 362.85 (8.81%) of the approved amount. Past experience has shown that the municipality capital spending is s-curved, thus spending in the first semester is very low due to the planning of the projects, community consultations and final costing and specification of the various projects. It is projected that the bulk portion of the budgeted amount will be spent during the

last quarter of the financial year. Any unspent funds will result in rollover capital expenditure, which will be completed in the next financial year.

### 3.2 ADDITIONAL REVENUE / RE-ALLOCATION OF FUNDS

#### 3.2.1 Division of Revenue Act

In terms of Government Gazette No 38375 of 31 December 2014, there will be additional allocation of Neighbourhood Development Partnership Grant and Integrated National Electrification Grant allocation to the amount of R5 000 000 and R6 000 000 respectively .

- Additional Integrated National Electrification Grant to the amount of R6 000 000 (OPEX), and
- Neighbourhood Development Partnership Grant to the amount of R5 000 000 (CAPEX) addition

#### Correction of allocation errors in the annual Budget

The Energy Efficiency and Demand Side Management of R5 000 000 was erroneously included in the capital budget whilst the project attached to the funds was part of the 2013/14 Rollover Projects

#### 3.2.2 Contributions from LaFarge
